March 6, 2017

Dear Community Partner,

The El Paso Wings Track Club - a non-profit 501c(3) organization dedicated to the youth of El Paso in the sport of track & field - will be hosting a track meet June 16-17, 2017 at Burges High School. During this event, our team will be operating a concessions stand.

To support this concession stand and our fundraising efforts, we need your help! The purpose of this fundraising is to assist our young athletes to travel to Jacksonville, FL for the USATF National Junior Olympic Track & Field Championships, the largest and most prestigious youth track & field meet in the world! We need your help to get there.

Please support our program and the hardworking boys and girls of the El Paso Wings Track Club. Your donations to this concession stand will go a long way toward our goal of funding the travel for our amazing athletes. Any donations of in-kind or even monetary items will be greatly appreciated.

Sincerely,

Deanne Rankins  
President
